1. Tim Wise

- **Quote:** Tim Wise has written and spoken extensively on white privilege and racism. One of his well-known quotes is: "The history of America is the history of people who, on the one hand, had the luxury of being oblivious to the benefits of their skin color, and on the other hand, those who never had that luxury."
- **Source:** From his book and lectures on white privilege.

2. Noel Ignatiev

- **Quote:** Noel Ignatiev is known for his statement: "The key to solving the social problems of our age is to abolish the white race." This was a provocative way of saying that the social construct of "whiteness" should be dismantled, not that people who are white should be harmed.
- **Source:** This is from an article in the Harvard Magazine titled "Abolish the White Race" published in 2002.

3. Barbara Spectre

- **Quote:** Barbara Spectre has been quoted as saying: "Europe has not yet learned how to be multicultural. And I think we are going to be part of the throes of that transformation, which must take place. Europe is not going to be the monolithic societies that they once were in the last century. Jews are going to be at the center of that. It's a huge transformation for Europe to make. They are now going into a multicultural mode and Jews will be resented because of our leading role."

- **Source:** This quote was taken from an interview with Spectre, who was speaking about the role of Jews in European multiculturalism.

4. Susan Sontag

- **Quote:** Susan Sontag made the statement: "The white race is the cancer of human history; it is the white race, and it alone—its ideologies and inventions—which eradicates autonomous civilizations wherever it spreads, which has upset the ecological balance of the planet, which now threatens the very existence of life itself."
- **Source:** This quote is from a 1967 essay Sontag wrote titled "What's Happening in America," published in *Partisan Review*.

5. Arthur Ochs Sulzberger

- **Quote:** Arthur Ochs Sulzberger has made statements on various issues, but no direct quotes match the ones often misattributed to him about white people or anti-white sentiments. His public statements were mostly related to his role as publisher of *The New York Times*.
- **Source:** There is no verified source for the quote attributed to him in the image.

6. Heidi Beirich

- **Quote:** Heidi Beirich has made many public statements in her role at the SPLC. A relevant quote might be: "The SPLC is dedicated to fighting hate and bigotry and to seeking justice for the most vulnerable members of our society."
- **Source:** This is a general mission statement often repeated in her speeches and writings, not the inflammatory language attributed to her.

7. Stephen Steinlight

- **Quote:** Stephen Steinlight has said, "We should recognize that in the era of mass immigration, old assumptions about the permanence of Jewish liberalism and the Jewish community's embrace of universalistic humanitarianism are obsolete."

- **Source:** This quote is from an article Steinlight wrote discussing immigration and Jewish identity in the United States.

8. Wesley Clark

- **Quote:** Wesley Clark has been quoted saying, "There is no place in modern Europe for ethnically pure states. That’s a 19th century idea, and we are trying to transition into the 21st century, and we are going to do it with multi-ethnic states."
- **Source:** This quote is from an interview Clark gave, discussing the Balkan conflicts and the future of Europe.

EVERY SINGLE ASPECT OF
ANTI WHITE
HATE IS JEWISH
Tim Wise
You white people are on an endangered list. And unlike some exotic species, you are not worth saving. In forty years or so, maybe fewer, there won't be any more white people around, and that's a good thing.
Noel Ignatiev
Make no mistake about it: we intend to keep bashing dead white males, and the live ones, and the females too. until the social construct known as "the white race" is destroyed - not 'deconstructed' but destroyed.
Heidi Beirich
If you are a member of a hate group. If you're a white supremacist, the fact that whites will be less than 50 percent of the population is something to basically be a little freaked out about.
Arthur Ochs Sulzberger
If White men were not complaining, it would be an indication we weren't succeeding and making the inroads that we are.
Barbara Spectre
Europe has not yet learned how to be multicultural. I think we are going to be part of the throes of that transformation. Jews are going to be at the centre of that. It's a huge transformation for Europe to make.
Ovadia Yosef
Goyim were born only to serve us. Only to serve the People of Israel. Why are gentiles needed? They will work, they will plow, they will reap. We will sit like an effendi and eat. That is why gentiles were created.
Susan Sontag
The white race is the cancer of human history; Its ideologies and inventions eradicate autonomous civilizations, which has upset the ecological balance of the planet. It threatens very existence of life itself.
Emily Goldstein
Guess what, white supremacists? This is exactly right. Diversity IS about getting rid of white people and that's a good thing.
America's abandonment of the Jews to Nazi annihilation is arguably the greatest moral failure in its history. This has formed the sacred moral basis for mainstream Jewish support for generous legal immigration. - Stephen Steinlight
There is no place in modern Europe for ethnically pure states. That's a 19th-century idea and we are trying to transition it into the 21st century, and we are going to do it with multi-ethnic states. - Wesley Clark
